

Sweetence[®] ThaumActive[®] 0.3 RA

The natural, clean, sweetening solution with integrated bitter blocking for **Fortified Nutrition Powders**

Sweetence® ThaumActive® 0.3 RA
optimises sweetness at the front of the tongue
while blocking bitterness at the back.

A PATENTED NATURAL SWEETENING SYSTEM WITH INTEGRATED BITTER BLOCKING

Sweetence® ThaumActive® 0.3 RA is a ready to use natural sweetening and bitter blocking solution ideal for use in fortified nutrition powders.

Using proprietary, patented technology, modified Thaumatin is applied to stevia to block the bitter aftertaste of challenging tasting ingredients in powder formulations whilst delivering balanced sweetness. Pre-standardisation of the sweetener system eliminates ppm-level Thaumatin dosing complexity, ensuring consistent and reliable performance.
